

## Hermes Netburn Attorneys Take to the Bikes: Cycling to End Homelessness!

**February 19, 2020**

(Boston, MA – February 19, 2020) Hermes Netburn attorneys are teaming up once again to head off homelessness in the 2020 ICycle event. Led by shareholder John R. Felice, the Hermes Netburn team rides on February 27<sup>th</sup> outside of Boston's One International Place.

ICycle is the only all-day outdoor winter cycling fundraiser in Boston. Every hour on the hour various teams ride to raise money for HomeStart, a non-profit dedicated to ending and preventing homelessness in Boston. According to HomeStart, "this event is a reminder to all that spending just one hour out in the cold, rain or snow is nothing compared to living without the comforts of a home." Proceeds from the event will support HomeStart's long-sustained efforts to fight homelessness through building awareness and raising funds.

Donations to the Hermes Netburn team can be made through their fundraising page:
